The Cavendish Kitchen Table

There has been a table in the kitchen here for guests to dine amongst 'the action' for many many years. In fact we think we were the first in the Country to think of the concept (probably!)

Quite recently we re-designed the kitchen to include a larger banquette style seating, accommodating up to four people, with a 'ring-side view' of the kitchen in full flow, and, so that things don't overheat (at your side of the table at least!), an overhead air conditioning unit!

The concept is quite simple: there is no menu! Simply advise us beforehand of any dislikes you may have and we will avoid them. Other than that Alan Hill will prepare a bespoke 5 course menu for you on the night – you watch it being prepared and cooked in front of you and served to your table - as all this takes place you watch as the normal Restaurant service carries on around you!

Start the evening with a glass of Champagne and Canapes in the lounge before being shown to your table in the kitchen.

Match each course of the meal with our selected wines from the 'Wine Flight' or choose a favourite from our extensive wine list.

Kitchen Table Experience £85.00 per person.

Wine Flight £29.95 per person.
